

Developing Shared Approaches to Maths and Science Teaching

Participation in this Work Group is FREE to all state funded schools.

Work Group aims:

To develop a collaborative approach between Maths and Science teachers and departments to establish supportive and cohesive methods.

Two teachers from each school (one Maths and one Science) work together to establish similarities and differences in approaches to help develop a cohesive approach for pupils. This training programme uses expertise from both Maths and Science to consider how to improve the learning and outcomes for pupils by working together practically and collaboratively.

Intended Outcomes include:

- Identifying cross-curricular topic areas and develop consistent approaches to teaching key topics e.g. graphs, proportional relationships
- Considering order of learning to ensure students are suitably equipped for Science lessons
- Supporting students to be able to identify similarities in Maths and Science
- Developing student confidence in applying Maths in Science

Where:

The Redhill Academy, Training Suites, Arnold,
Nottingham, NG5 8GX

When:

Session 1: Thursday 3rd Feb 12:30pm – 3:30pm

Session 2: Thursday 17th March 12:30pm – 3:30pm

Session 3: Wednesday 18th May 1pm – 4pm

Session 4: Thursday 7th July 10am – 3pm
